

**Casas de Cuidado Diario**  
- Mientras tú trabajas -

# Who are we?

For 29 years Casas de Cuidado Diario has been an alternative model for the care, attention and protection of young children, children of working women who do not have an adequate service to leave their children during their workday.

# Beneficiaries

- ❖ More than 25,000 children have graduated from the program.
- ❖ Approximate annual cost of \$6,700.00 per child.
- ❖ Serving 65 colonies in 4 municipalities.

# For this we work as a whole:

- ❖ **Operational staff (12)**
- ❖ **Program Volunteers (45)**
- ❖ **Caring Mothers (85)**
- ❖ **Board of Directors (10)**

# What sets us apart?

- ❖ **Care of children:** we provide attention, care and protection in spaces that guarantee their right to live in conditions of well-being.
- ❖ **Integral formation:** encouraging in them the development of their emotional, social and intellectual skills.
- ❖ **Constant training:** professionalizing the work of the Caring Mothers, Volunteers, Operational Staff and the Board of Directors to improve the care of our children.
- ❖ **Complementary programs:** such as Values Program and Reading-Writing and Mathematics and Motor classes.
- ❖ **Self-Employment:** We give the Caring Mother the opportunity to work in her own home without neglecting her children.
- ❖ **Strengthening the social fabric:** through values of coexistence and participation, which provide greater economic, food and physical security.
- ❖ **Transfer:** school-age children are transferred by the Mother Caregiver to their educational center.

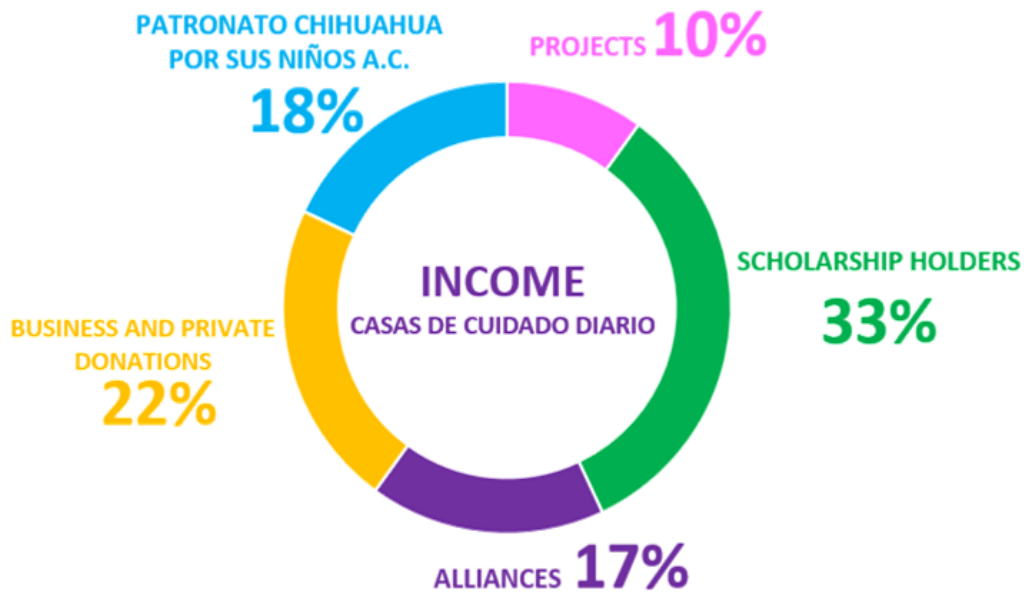

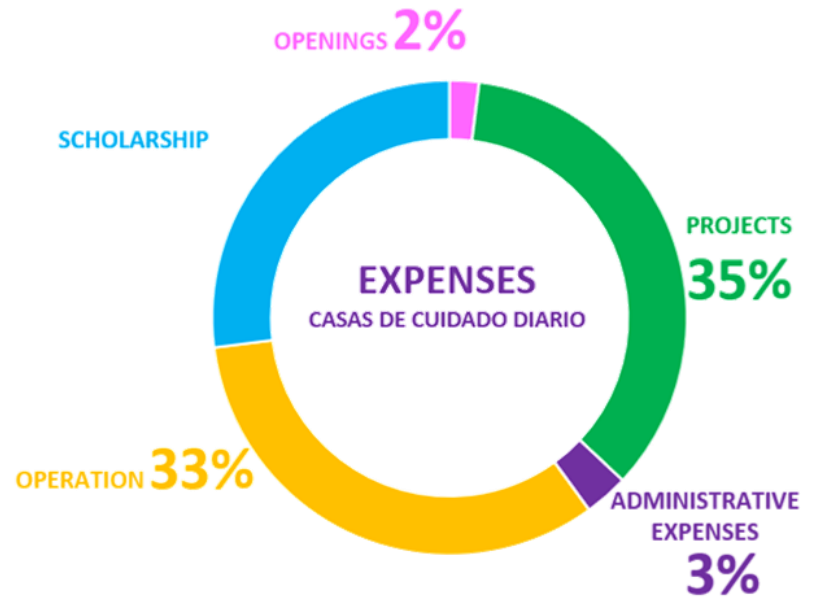

# We recognize the importance of Love in prevention

The most determining stage for the development of each person occurs in the first 6 years, which in turn coincides with their stage of greatest vulnerability.

A child needs to experience a loving relationship, love humanizes him, and acts as an antibody against the difficulties of existence; It protects you and defends you from the dangers of the environment in which you are growing.

The emotional bond that the Mother Caregiver establishes from the first day with the child is vital for their development, the experiences and coexistence in the Daily Care Homes will be decisive for their adult life since the protection, security and love they receive every day is the most important factor that builds the individual in which they will become.

# You can Help

**With your donation**      or      **As a volunteer**

As a generator of support so that Chihuahua children have the opportunity to be cared for, cared for and fed while their parents work.

As an engine that allows generating a virtuous circle of human development in all areas, both for our Caring Mothers, children, parents and operational staff who work together to develop the Programs managed by the Institution.
